

Stack-N-Nest Containers Boxes

Containers nest when empty and stack when full for space savings and efficiency.

LewisBins+ Stack-N-Nest containers are ideally designed for use in general manufacturing, food processing and distribution applications. The NEW Ventilated Containers are a great addition to the Stack-N-Nest product line, as they are ideal for parts washing applications. These rugged totes are resistant to the damaging effects of oil, most chemicals, solvents, water and steam for an extended service life in your facility. Easy Stack-N-Nest design for maximum space utilization.

- > Manufactured in high-density polyethylene.
- > Stack when full (with or without covers) and nest when empty at an alternating 180° position.
- > Blue, grey, and green containers are FDA approved for direct food contact.
- > Resistant to rust, corrosion and temperatures ranging from 0°F to 120°F.
- > Easily cleanable and ideal for handling unpackaged product. No sharp edges, burrs or splinters.
- > Maximum load capacity of 70 lbs. per tote, bottom container supports 300 lbs. stacked.

Part Bins | Divider Boxes | Shelf Bins | Hopper Containers | Wire Shelving | Storage Systems

LEWISBins+ manufactures plastic part bins, divider boxes and heavy duty storage totes, which integrate with metal storage systems and wire products. These products reduce linear workspace, improve assembly operations and reduce product damage, for total cost reduction in a single operation or entire supply chain. **For more information, please visit www.lewisbins.com.**
