

# Shelf Systems

**Add instant organization to your workspace with adjustable Shelf Systems that hold all types of bins.**

LEWISBins+ Shelf Systems improve organization & efficiency. These highly versatile, fully adjustable Shelf Systems offer a variety of shelf configurations, with 12", 18" and 24" shelf depths to accommodate a wide variety of bin sizes and styles. When combined with sturdy LEWISBins+ Part Bins or Shelf Bins, an efficient storage system is created that provides convenient part retrieval and easy visual inventory. The Shelf Systems ship unassembled, with assembly instructions. All units are easy to assemble, with nut and bolt construction.

## 6 and 7-Shelf Units

- > Accommodates Heavy-Duty Shelf Bins and larger Part Bins to provide high density storage for heavy industrial needs.
- > Shelf depths of 18" and 24".
- > Stand-alone shelf units available (M1836-6, M2436-6, M1836-7, M1836-8 and M1836-11).
- > Holds up to 24 bins.

## 8 and 11-Shelf Units

- > Accommodates Part Bins to provide storage, picking and merchandising efficiency.
- > Shelf depth of 18".
- > Stand-alone shelf unit available (M1836).
- > Holds up to 60 bins.

Part Bins | Divider Boxes | Shelf Bins | Hopper Containers | Wire Shelving | Storage Systems

LEWISBins+ manufactures plastic part bins, divider boxes and heavy duty storage totes, which integrate with metal storage systems and wire products. These products reduce linear workspace, improve assembly operations and reduce product damage, for total cost reduction in a single operation or entire supply chain. **For more information, please visit [www.lewisbins.com](http://www.lewisbins.com).**
